Can be modified to fit your specifications!

If the above pole barns do not meet your needs, Bernard Building Center can help you design and build a pole barn to fit your specifications. From big to small we sell them all! When you are done with the rough-in, Bernard's has all the finish products necessary to complete your "dream garage" (insulation, drywall, electrical, plumbing, door openers, paint, light fixtures, etc.). We deliver anywhere in Michigan for a nominal fee.
